

Shilong Piao
Peking University

Dr. Shilong Piao is Cheung Kong Professor of Peking University. His current research focuses on the data-model integration to improve our ability for predicting terrestrial carbon cycle responses to global change. He has authored and co-authored 100 peer-reviewed journal papers, and was lead author of the IPCC 5th assessment report. He is now on the Editorial Advisory board of Global Change Biology and also serves on editorial board of Agricultural and Forest Meteorology.
