FILLING OF COMMERCIAL INVOICE

A separate commercial invoice/packing list must be created for temporary and permanent items (which must also be ship on separate HAWB’s).

Note that Stand Materials are NOT eligible for a temporary importation to the U.S. Please send to Agility within the documents’ stipulated deadlines for checking.

CASE MARKINGS

For easy identification, all packages shall be marked as follows:

AOGS 2018
HAWAII CONVENTION CENTER
1801 KALAKAUA AVENUE
HONOLULU, HI 96815

NAME OF EXHIBITOR : _____________________
STAND NUMBER : _____________________
CASE NUMBER : _____________________
GROSS WEIGHT : _____________________
DIMENSION : _____________________

PACKING

Temporary and permanent items must be shipped on separate HAWB’s. Failure to separate items and not send on individual HAWB's will result in a permanent, duty paid customs entry with all duties/taxes billed back to you.

Exhibitors are advised to provide strong packing cases for the transportation of the exhibits. The packing of the exhibits are to withstand external elements as well as movements during full transportation and handling.

For main exhibits, we recommend sturdy returnable type of cases to be used for return or onward transport. Exhibitors should also take necessary precautions against rain, especially when the return exhibits are to be packed with original packing materials. Cardboard cartons should be avoided if they are intended for return shipping. Agility will not be responsible for damages and claims arising out of improper packing.

Licensed items should be packed & labeled separately from non-licensed items. If conditions require licensed items to be co-mingled with non-licensed items, the entire shipment will be subjected to handling conditions for licensed shipments. Kindly contact Agility for more information.

SOLID WOOD PACKING MATERIALS

Solid wood packing materials must be heat treated in compliance with IPPC standards and stamped accordingly. Please note that if pallets brought into U.S. are not treated, we will need to re-palletize with treated pallets for re-export and all cost will be billed back to you accordingly.

XX represents the ISO country code.
000 represents the unique number assigned by the national plant protection organization.
YY represents either HT for heat treatment or MB for methyl bromide fumigation.
OTHER SOLID WOOD MATERIALS AND THE LACAY ACT

The U.S. Department of Agriculture enforces federal laws protecting wildlife, including enforcing civil and criminal penalties for the illegal trade of animals and plants, including wood. Any products made of wood, especially furniture, are subject to Lacey Act requirements and a Plant and Plant Product Declaration Form must be completed. Kindly contact Agility for more information.

MANDATORY ISF FILING (FOR SEA FREIGHT ONLY)

The U.S. Department of Homeland Security must identify ocean cargo that may pose a security threat before it is loaded on board a vessel bound for the USA. The ISF regulation requires that specific information about the cargo to be filed with U.S. Customs (CBP) in advance of the goods to be shipped.

The details required are standard in the commercial shipping process. The difference with this regulation is that these details must be filed BEFORE a shipment is made overseas, rather than once it arrives at a U.S. port. This will impact all overseas exhibitors shipping materials to the U.S. by sea freight. If these steps are not taken, U.S. Customs and Boarder Protection (CBP) can refuse to allow the cargo to be loaded at the point of origin, thereby delaying the shipment.

Importer Security Filing (ISF) must be filed with U.S. Customs and Border Protection (CBP) not less than 24 hours before the sailing vessel departs from the overseas port. This rule is more commonly referred to as the **10+2 Rule** because of these 10 pieces of information that the importer must provide along with two additional items by the shipping line (the vessel stowage plan and container location)

1. Manufacturer (or supplier) name & address
2. Seller name & address
3. Buyer name & address
4. Ship to name & address
5. Container stuffing location
6. Consolidator name & address
7. Importer of record number
8. Consignee number
9. Country of origin of goods
10. Harmonized Tariff Schedule of the U.S. (HTSUS) number (6 or 10 digit level)

The above (ISF) MUST be e-mailed to [MNg@agility.com](mailto:MNg@agility.com) seven (7) working days prior to the vessel's departure. The U.S. Customs has begun imposing fines for non-compliance of upto $20,000.00.

**DO NOT TENDER SHIPMENTS TO THE CARRIER WITHOUT PRIOR APPROVAL FROM AGILITY. YOU WILL NEED TO RECEIVE AN ISF TRASACTION NUMBER FROM US.**
CUSTOMS REGULATIONS
