

AOGS2027

in Marina Bay Sands, Singapore

AOGS2027 | 25–30 JULY 2027 | SINGAPORE

Shape AOGS2027

Help build the scientific programme and the Society's future leadership

Your expertise can help shape both the scientific programme for AOGS2027 and the future leadership of AOGS. Three participation opportunities are now open. We invite members of the geoscience community to contribute and to encourage suitable colleagues to take part.

1. Propose a Regular Session

Closing Date: 3 October 2026

Bring researchers together around an important, timely topic. Regular Session proposals are invited across the eight AOGS Scientific Sections.

- Sessions should have sufficiently broad appeal to attract at least 10 papers.
- Each proposal requires 2–5 conveners from at least two countries/regions; each convener may submit up to two proposals.

[View the Session Guidelines and Propose a Session](#)

2. Nominate an AOGS Key Lecturer

Closing Date: 10 October 2026

Recognise scientists whose achievements and perspectives will add distinction and value to the AOGS2027 programme.

- Categories: Axford, Special, Section Distinguished and Kamide Award Lectures; self-nomination is not permitted.
- Both parties need MARS accounts, and the nominee's profile must be complete and current before submission.

3. Nominate Candidates for the AOGS Council

Nomination Period: 7 September–14 December 2026

The 2027 General Election will elect the AOGS Council for the 2028–2030 term. Current AOGS members may nominate another eligible Individual Member or submit a self-nomination.

- Positions include the three Society Officers-Elect and Section President-Elect for each of the eight Sections.
- Each nominee may be considered for one office only; review eligibility and the submission package before beginning in MARS.

- **AOGS Awards nominations:** 28 September 2026–15 January 2027
- **Abstract submission and funding requests:** 26 October 2026–15 January 2027

Deadlines are strict. Please submit early and refer to the linked pages for the applicable closing time in Singapore Time (GMT+8). All online submissions are made through MARS where applicable.

We look forward to your contribution and to welcoming the geoscience community to Singapore for AOGS2027.
