### **Marina Barrage – 80 People Maximum**

**Mon – 10 Aug from 3.30pm to 6.00pm**

Marina Barrage is Singapore's very first reservoir in the city. It takes a different spin on the conventional nature-themed reservoir by interweaving greenery with city chic, giving you the height of technological sophistication among the urban vibrancy.

Situated at the heart of the up and coming Marina South district, this colossal architectural masterpiece is a must-visit. Visitors will get a chance to come face to face with stunning engineering equipment. The gallery demonstrates how the barrage ingeniously prevents flooding to the city's low-lying areas. Remember to visit the green roof to take in the sweeping Singapore city skyline.
