

Elizabeth EBERT

Centre for Australian Weather & Climate Research (CAWCR), Bureau of Meteorology

Dr. Elizabeth Ebert is the Research Program Leader of the Weather and Environmental Protection Program at CAWCR. Her major research interests include evaluation of satellite precipitation estimates, verification of quantitative precipitation forecasts (QPF) and ensemble prediction. She has developed novel techniques for spatial verification and applied them in a real-time nowcast verification system for the Beijing Olympics Forecast Demonstration Project. Dr. Ebert co-chairs the WWRP/WGNE Joint Working Group on Forecast Verification Research. She is also a member of the WWRP Joint Scientific Committee and the WGNE/WGCM Climate Metrics Panel. (Ph.D., '87, M.S., '84, University of Wisconsin; B.S., '81, University of California)
