

European Research Council

Established by the European Commission

The European Research Council at AOGS 2014

When

Tuesday 29 July, 18:00 - 19:00

Where

Emerald Hall B - level 3

Who

Claudia Alves de Jesus Rydin, Earth System Science Coordinator

The European Research Council (ERC) is a leading European funding body supporting excellent investigator-driven frontier research across all fields of science.

ERC calls are open to researchers around the world.

The ERC offers various different outstanding funding opportunities with grants budgets of €1.5 to €3.5 million for individual scientists.

All nationalities of applicants are welcome for projects carried out at a host institution in Europe (European Union member states and associated countries).

At this session, the main features of ERC funding individual grants will be presented.
