

**Huadong GUO**

*Professor, Chinese Academy of Sciences (CAS), Academician of CAS,*

*Fellow, The World Academy of Sciences (TWAS)*

*President, International Society for Digital Earth (ISDE),*

*Past President, ICSU Committee on Data for Science and Technology (CODATA),*

*Scientific Committee Member, Integrated Research on Disaster Risk (IRDR)*

*Director of the International Center on Space Technologies for Natural and Cultural Heritage (HIST)  
under the Auspices of UNESCO, and*

*Director of the CAS-TWAS Center of Excellence on Space Technology for Disaster Mitigation (SDIM)*

Huadong Guo is a Professor of the Chinese Academy of Sciences (CAS) Institute of Remote Sensing and Digital Earth (RADI), an Academician of CAS, and a Fellow of The World Academy of Sciences for the advancement of science in developing countries (TWAS). He presently serves as President of International Society for Digital Earth (ISDE), Past-President of ICSU Committee on Data for Science and Technology (CODATA), Scientific Committee Member of the Integrated Research on Disaster Risk (IRDR) co-sponsored by ICSU, ISSC, and UNISDR, and Editor-in-Chief of the *International Journal of Digital Earth*. He has over 30 years of experience in remote sensing, specializing in radar for Earth observation and research on Digital Earth. He has been Principle Investigator for over 30 major national projects in China, and Principle Investigator for 7 international radar remote sensing projects. He also serves as Director of the International Center on Space Technologies for Natural and Cultural Heritage (HIST) under the Auspices of UNESCO, and Director of the CAS-TWAS Center of Excellence on Space Technology for Disaster Mitigation (SDIM). Prof. Guo has published more than 400 papers and 16 books, and is the principal awardee of 13 national and CAS prizes.
