

Chi O. AO

NASA Jet Propulsion Laboratory

Chi O. Ao received his A.B. degree in physics from the University of California at Berkeley in 1993 and his Ph.D. in physics from the Massachusetts Institute of Technology in 2001. He joined the Tracking System and Applications Section at the NASA Jet Propulsion Laboratory in 2001 and has worked on various aspects of GNSS radio occultation (RO) since then. He has extensive experience in GNSS RO inversion techniques and simulation methods and has a strong interest in the climate applications of RO data. He is the principle investigator and coinvestigator of several NASA grants and is currently a member of the NASA GNSS Remote Sensing Science Team and the CLARREO Science Definition Team.
