

**Andreas F. PREIN**

*National Center for Atmospheric Research*

Dr. Prein is a project scientist at the National Center for Atmospheric Research, Boulder, CO where he has researched since 2014. He obtained an M.S. and a Ph.D. from the University of Graz, Austria in 2009 and 2013 respectively. His primary research interests lie in the role of mesoscale processes in the climate systems, weather and climate extremes, and uncertainties in climate change assessments. He is an NCAR ASP postdoc fellowship awardee and published multiple peer-reviewed articles in top journals.

*The National Center for Atmospheric Research is operated by the University Corporation  
for Atmospheric Research under sponsorship of the National Science Foundation.  
An Equal Opportunity/Affirmative Action Employer*
