

**Adam SWITZER**  
*Nanyang Technological University*

Adam Switzer is a geoscientist with interests in coastal landscapes and natural hazards. Adam is an Associate Chair in the Asian School of the Environment (ASE) at Nanyang Technological University (NTU) and a Principal Investigator at the Earth Observatory of Singapore (EOS). He uses interdisciplinary techniques to solve contemporary coastal problems at local, regional and international scales. An internationally recognized expert in coastal hazards, insurers, government agencies and those involved in coastal development and risk in Asia often seek his input.
